Students Induction Program (SIP) is conducted for all fresh students with one faculty associated with 20-25 students to build a strong connect between students and faculty on one hand and create holistic awareness about Universal Human Values (UHV). When new students enter the institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of a university/college. Student Induction Program is an important task is to welcome new students to Higher Education and prepare them for their new role. It is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed. Students Induction cover a number of different aspects (SAGE): **Socializing**: meeting other new students, senior students, students union, Lectures by Eminent People; **Associating**: visits to University / college, visits to Dept./Branch/ Programme of study & important places on campus, local area, city and so on; **Governing**: rules and regulations, student support etc; **Experiencing**: Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc. This helps students in the right direction of their world-view, mindset, perspective and values.

Functions of the Committee:

- Engage students in different forms like painting, singing, dance, drama, pottery, yoga, meditation, sports, cultural programmes.
- To develop bonds with peers, seniors, faculty and staff
