lower the voltage at different points in a circuit and to transform a current signal into a voltage signal or vice versa.

Fig 3.2 Symbols used to represent a resistor based on IEEE and IEC standards.

Resistors may have fixed resistances or variable resistances, such as those found in thermistors, varistors, trimmers, photoresistors, humistors, piezoresistors and potentiometers. There are many categories of resistors available depending on our requirements such as Carbon film resistors, Metal film resistors, Variable resistors (potentiometer), Power resistors, Wire wound resistors etc.

3.2.3 Metal film resistors

Metal film resistors are a cylindrically shaped resistors designed for surface mounting. They are usually coated with nickel chromium. They possess good noise characteristics and low non-linearity and also have efficient tolerance, temperature coefficient and stability.

Hello ma'am,

I have attached the link to our website and a brief introduction about COWE through a pdf. We want to conduct a membership drive for students to be a part of Young COWE and reap the benefits of it by joining sessions, workshops and many more endeavors that Young COWE has planned for the empowerment of Women. We will dive deep into these details during the session at your college. Please give us the tentative dates for conducting such a session in your esteemed institution.

Thank you

The program covered a range of topics, from the importance of women entrepreneurship to success stories and practical advice for aspiring women entrepreneurs. Statistics and case studies highlighted the positive impact of women-led businesses on job creation, innovation, and community development. The speakers addressed the challenges women entrepreneurs commonly face, such as access to finance, societal expectations, and gender bias.

Inspirational success stories were shared to motivate and encourage aspiring women entrepreneurs. Real-life examples showcased how determination, innovation, and resilience can lead to successful ventures. The event contributed to raising awareness about the challenges and opportunities faced by women entrepreneurs and emphasized the need for collaborative efforts from various stakeholders to create an inclusive and supportive business environment.

The session concluded with closing remarks, expressing gratitude to the COWE representatives for their valuable insights. Students were encouraged to explore entrepreneurship and were informed about upcoming events and resources related to the entrepreneurial ecosystem.

Feedback from students was overwhelmingly positive. Many expressed appreciation for the informative content and found the success stories to be particularly inspiring. Overall feedback of the program is excellent and active participation of students during the session was notable, and students were engaged throughout the session.

The awareness session on the Confederation of Women Entrepreneurs of India conducted by the IIE Cell successfully met its objective of inspiring and informing students about entrepreneurship, specifically within the context of women entrepreneurs. Beyond imparting knowledge, the session provided a platform for networking and potential future collaborations between students and CWEL.

The IIE Cell remains committed to organizing similar events to nurture an entrepreneurial mindset among students and contribute to the growth of the entrepreneurial ecosystem within the institute. The session was concluded by the vote of thanks by K Sree Thanmayee, student of III ECE-C.
